## Community News

### **Relay for Life-Colleen Hughes**

This year, over 1.4 million Americans will hear the words "You have cancer". I know too many people who are touched by cancer, and that is why I have joined the American Cancer Society on a mission to save lives and create a world with more birthdays by participating in the Relay For Life in my community!

At Relay For Life we celebrate loved ones who have won their battle against cancer, remember those who are no longer with us, and fight back against this disease that touches so many. I am determined to make a difference, and I hope you will join me. I will be walking on February 11 & 12 from 6pm to 6am.

My mom passed away from cancer, my aunt battled breast cancer, my friends have been affected by cancer, and each person I meet has a story of hope, courage, grief, and challenge. At last year's Relay at SMCM, I spoke at the Luminaria ceremony about my experience as a Caregiver for my mom, and this year I am organizing the whole Luminaria ceremony as well as participating as a team captain to honor her, my family, and friends like you all who have touched and supported me throughout the last couple years.

Please, support me in my efforts by using the link below to visit my personal web page and make a donation or order luminaries in honor of loved ones. Every dollar raised brings us one dollar closer to a cure, and to a time when the number of people who have to hear the words "you have cancer" is zero.

Thank you so much for your support. Together, we ARE saving lives and creating a world with more birthdays!

The Teen Advisory Council is composed of Howard County high school students (public, private and home school) who meet monthly during the school year to discuss teen use of alcohol and other drugs and to develop educational messages that promote HC DrugFree's vision of a county where teens are drug-free by choice.
