4	8	14	20	8	20	16	6

1. Make sure each player has a set of counters that is different from each other's.
2. Spin the spinner and **double the number** that you land on.
3. Choose a space on the gameboard that has that sum on it.
4. Take turns spinning. The first person to cover four in a row wins.

*Addition: Doubles / Spinner A*
