Subtraction Spinner G

Merry-Low-Round

1. Player with the longest first name goes first.
2. First player spins the spinner.
3. He/she subtracts that number from 10.
4. Player two spins the spinner.
5. He/she subtracts that number from 10.
6. The player with the smallest difference wins the round and places a counter on Round 1.
7. That player begins the next round. Continue placing counters on each round.
8. The player with the most counters at the end of the tenth round is the winner.
9. If there is a tie, play continues for four more rounds.

***** IF A PLAYER SUBTRACTS INCORRECTLY, THAT PLAYER AUTOMATICALLY LOSES THE ROUND *****
